Many of Elko's schools are overcrowded. This school would ease the burden of other schools in the area. Having an additional school would also provide options for parents. The school has great values incorporated into their curriculum. Overall, this would be a great addition to our community.

I am writing in regards to the Nevada Classical Academy application for Elko. I am elated at the thought of having this option for our community. The curriculum and focus of the academy are unique to what is currently offered in our area.

This school will give parents more educational choices to find the right fit for their children and family while expanding diversity of education in our community.

I am asking that you approve this application and allow our community to grow its focus on our children!

Having another option for education of the youth in our community is an amazing opportunity. I was a participant of the public school system in Elko County and now try to hire and employee students that have been through that education system. Our youth and our community need another option for those who are looking for a more traditional system of learning. I hope that you look at the Nevada Classical Academy application and see an opportunity to have a significant positive impact in Elko County. Myself and my peers eagerly await the chance to have a choice of quality traditional education in our hometown. Thank you for your consideration and I hope to see that you find the Nevada Classical Academy deserving of charter.

This new charter will allow the residence of Elko to have more choices when it comes to the education of our children. The current charter is always full with a wait list, an added option is needed.

Elko is in desperate need of another charter school as the one that is here has a long waitlist. Also, I like the idea that the Nevada classical has a traditional approach to education. Elko needs more variety when it comes to education and this would give that to our community.
