2023-24 Nevada School Performance Framework (NSPF) Results

Nevada School Performance Framework (NSPF) Rating Levels

Star Rating	NSPF Score Range	Descriptor
5 Stars	Elem.: ≥84 Middle: ≥80 High: ≥82	Recognizes a superior school that exceeds expectations for all students and subgroups on every Indicator category with little or no exception. A five-star school demonstrates superior academic performance and a superior graduation rate. The school does not fail to meet expectations for any group on any Indicator.
4 Stars	Elem.: ≥67 and <84 Middle: ≥70 and <80 High: ≥70 and <82	Recognizes a commendable school that has performed well for all students and subgroups. A four-star school demonstrates satisfactory to strong academic performance for all students. Further, the school’s graduation rate meets expectations. The school does not fail to meet expectations for any group on any Indicator.
3 Stars	Elem.: ≥50 and <67 Middle: ≥50 and <70 High: ≥50 and <70	Identifies an adequate school that has met the state’s standard for performance. The all-students group has met expectations for academic achievement. Subgroups meet expectations for academic achievement or show progress with little exception; however, no group is far below standard. The school must submit an improvement plan that identifies supports tailored to subgroups and Indicators that are below standard.
2 Stars	Elem.: ≥27 and <50 Middle: ≥29 and <50 High: ≥27 and <50	Identifies a school that has partially met the state’s standard for performance. Students and subgroups often meet expectations for academic performance but may have multiple areas that require improvement. Areas requiring significant improvement are uncommon. The school must submit an improvement plan that identifies supports tailored to subgroups and Indicators that are below standard. A two-star school in consecutive years is subject to state intervention.
1 Star	Elem.: <27 Middle: <29 High: <27	Identifies a school that has not met the state’s standard for performance. Students and subgroups are inconsistent in achieving performance standards. A one-star school has multiple areas that require improvement including an urgent need to address areas that are significantly below standard.

Summary

- Both across the state and within the SPCSA, about two-thirds of schools had relatively minor changes in NSPF score (either a 10-point or less decrease, no change, or less than 10-point increase).
 - However, proportionately more SPCSA schools had a 10-point or less decrease than the state (40% of schools within SPCSA versus 33% of schools across the state).
- About 13% of schools across the state had a more than a 10-point decrease, versus 15% of SPCSA schools.
- About 18% of schools across the state increased by 10 or more points, versus about 20% of SPCSA schools.

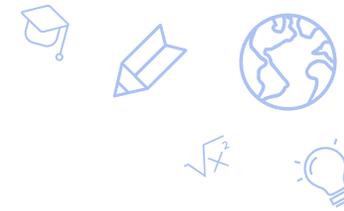

SPCSA vs. State: NSPF Score Trends

NSPF Timeline, by School Year

- 2018-19: Official NDE NSPF index scores / star ratings.
- 2019-20: US Dept. of Education waiver – NSPF data unavailable due to COVID.
- 2020-21: US Dept. of Education waiver – NSPF data available but index scores / star ratings not calculated. SPCSA performed unofficial calculations.
- 2021-22: NDE calculated NSPF index scores, but not corresponding star ratings.
- 2022-23: Official NDE NSPF star ratings.
- 2023-24: Official NDE NSPF star ratings.

Why Certain SPCSA Schools Did Not Receive an NSPF Rating

To receive an NSPF rating:

- An elementary or middle school must receive points (i.e. have 10 student records) in the Pooled Proficiency, ELA Median Growth Percentile (MGP), Math MGP, ELA Adequate Growth Percentile (AGP), and Math AGP measures.
- A high school must receive points (i.e. have 10 student records) in the ELA Proficiency, Math Proficiency, and 4-Year Graduation Rate measures.

School Name	2023-24 Grade Configuration	2023-24 NSPF Star Rating	Reason for Not Rated	Notes

The SPCSA requires schools to build out to grade configurations that will result in an NSPF rating. Generally, the schools listed above are adding a grade level per year, which will result in an NSPF rating in the year indicated.
