Subject: Additional Grades

My name is John Thomas and my daughter Clair Palmer-Thomas plans to attend Do & Be for the fifth grade. I think attending a school with a focus on arts would benefit her as she paints and does digital art. I support additional grade levels as it would give more families the opportunity for this type of education. I've never been super studious but my daughter is and I believe this would be a great situation for her growth. Thank You John Thomas
