ACTION MEMORANDUM

TO: SPCSA Board
FROM: Melissa Mackedon, Executive Director
Katie Broughton, Director of Authorizing
SUBJECT: Recommendations for Sage Collegiate Public Charter School Based on 2024-2025 Academic Performance
DATE: November 14, 2025

The Nevada Department of Education recently released the Nevada School Performance Framework (NSPF) results for the 2024-2025 school year. All public schools in the state of Nevada are issued a star rating when all required data points are available. Additionally, all SPCSA-sponsored charter schools are evaluated on the SPCSA Academic Performance Framework (Framework), pursuant to [NRS 388A.273](#). The Framework provides additional metrics beyond the NSPF that examine charter school performance versus schools in their zip code, chronic absenteeism reduction, and student group performance in growth and graduation rates.

Any charter school demonstrating underperformance that could trigger revocation proceedings within the next three to five years, if academic performance does not improve, should be issued a formal Notice to ensure that the school and its governing board are aware of the concerns ([NRS 388A.300](#) and [388A.330](#)). Underperformance, as defined in [NAC 388A.350](#), includes any school that receives a 1- or 2-star rating on the NSPF or that has not complied with the SPCSA Academic Performance Framework. The Authority has three levels of intervention when schools do not meet these academic standards: Notice of Concern, Notice of Breach, and Notice of Intent to Terminate.

SPCSA staff recommends removing academic Notices for charter school campuses with a 3-star or higher NSPF rating or a *Meets Standard* or *Exceeds Standard* rating on the SPCSA Academic Performance Framework and elevating Notices of Concern to Notices of Breach for campuses with a 1-star NSPF rating.

The academic performance of Sage Collegiate Public Charter School for the last three school years is provided below.

Sage Collegiate Public Charter School	2022-2023 Index Score and Star Rating	2022-2023 SPCSA Framework	2023-2024 Index Score and Star Rating	2023-2024 SPCSA Framework	2024-2025 Index Score and Star Rating	2024-2025 SPCSA Framework
Elementary School	49.4 2-star	60.6 <i>Meets Standard</i>	9 1-star	20.4 <i>Does Not Meet Standard</i>	15 1-star	20.6 <i>Does Not Meet Standard</i>
Middle School	Middle School Not Open		13.7 1-star	22.2 <i>Does Not Meet Standard</i>	46.3 2-star	52.6 <i>Meets Standard</i>

Sage Collegiate Public Charter School received an academic Notice of Concern for its elementary school performance in the 2023-2024 school year. For the 2024-2025 school year, the elementary school received a second, consecutive 1-star NSPF rating and a *Does Not Meet Standard* rating on the SPCSA Academic Performance Framework. Based on this academic performance, SPCSA staff recommends that the Authority elevate the academic Notice of Concern to a Notice of Breach for the elementary school.

It is also critical to note that [NRS 388A.300](#) requires the SPCSA to terminate the charter contract of a school that receives three consecutive 1-star NSPF ratings. Should the elementary school level receive a 1-star rating in 2025-2026 and not meet any of the additional exemption criteria established by SB460 (2025), the charter contract must be terminated for the elementary school (grades K-5).

Additionally, Sage Collegiate Public Charter School received an academic Notice of Concern for its middle school performance in the 2023-2024 school year. For the 2024-2025 school year, the school received a 2-star NSPF rating and improved to a *Meets Standard* rating on the SPCSA Academic Performance Framework. Based on this improvement, SPCSA staff recommends that the Authority remove the academic Notice of Concern and return the middle school to good standing.

Given this Notice recommendation, SPCSA staff will ensure the school is scheduled for a site evaluation for the 2025-2026 school year to carefully review the school's performance. The school must also include an academic goal in their School Performance Plan. This academic goal should measurably impact student academic performance.

Additionally, per [NRS 388A.367](#), any school rated 1- or 2- stars is required to mail a written notification to the parent or guardian of each pupil enrolled that includes information on the school's star rating and a list of other public schools to which a pupil may transfer if the charter school closes or adopts changes which a parent or legal guardian finds unacceptable. The school must also post a notification on their website. Finally, [NRS 388A.367](#) requires the governing body of qualifying public charter schools to hold a public hearing within 30 days of sending out the required notification so as to provide all stakeholders the opportunity to discuss actions and solicit feedback for continued academic growth and improvement. Staff has been monitoring compliance with these statutory requirements.

Proposed Motion: Elevate the academic Notice of Concern for Sage Collegiate Public Charter School elementary school to an academic Notice of Breach for the 2024-2025 school year. Additionally, remove the academic Notice of Concern for Sage Collegiate Public Charter School middle school and return the school to good standing for the 2024-2025 school year.
