Detailed NSPF data and reports are available on the Nevada Accountability Portal.

Nevada School Performance Framework (NSPF) Rating Levels

Star Rating	NSPF Score Range	Descriptor
5 Stars	Elem.: ≥84 Middle: ≥80 High: ≥82	Recognizes a **superior** school that exceeds expectations for all students and subgroups on every Indicator category with little or no exception. A five-star school demonstrates superior academic performance and a superior graduation rate. The school does not fail to meet expectations for any group on any Indicator.
4 Stars	Elem.: ≥67 and <84 Middle: ≥70 and <80 High: ≥70 and <82	Recognizes a **commendable** school that has performed well for all students and subgroups. A four-star school demonstrates satisfactory to strong academic performance for all students. Further, the school's graduation rate meets expectations. The school does not fail to meet expectations for any group on any Indicator.
3 Stars	Elem.: ≥50 and <67 Middle: ≥50 and <70 High: ≥50 and <70	Identifies an **adequate** school that has met the state's standard for performance. The all-students group has met expectations for academic achievement. Subgroups meet expectations for academic achievement or show progress with little exception; however, no group is far below standard. The school must submit an improvement plan that identifies supports tailored to subgroups and Indicators that are below standard.
2 Stars	Elem.: ≥27 and <50 Middle: ≥29 and <50 High: ≥27 and <50	Identifies a school that has **partially** met the state's standard for performance. Students and subgroups often meet expectations for academic performance but may have multiple areas that require improvement. Areas requiring significant improvement are uncommon. The school must submit an improvement plan that identifies supports tailored to subgroups and Indicators that are below standard. A two-star school in consecutive years is subject to state intervention.
1 Star	Elem.: <27 Middle: <29 High: <27	Identifies a school that has **not met** the state's standard for performance. Students and subgroups are inconsistent in achieving performance standards. A one-star school has multiple areas that require improvement including an urgent need to address areas that are significantly below standard.

Per the NSPF manual.

- About 45% of schools across the state had an NSPF score increase over last year (SPCSA had a similar rate).
- Over 60% of schools across the state and within the SPCSA had relatively minor changes in NSPF score (either a 10-point or less decrease, no change, or less than 10-point increase).

SPCSA vs. State: NSPF Score Trends

NSPF Timeline, by School Year

2018-19: Official NDE NSPF index scores / star ratings.
2019-20: US Dept. of Education waiver – NSPF data unavailable due to COVID.
2020-21: US Dept. of Education waiver – NSPF data available but index scores / star ratings not calculated. SPCSA performed unofficial calculations.
2021-22: NDE calculated NSPF index scores, but not corresponding star ratings.
2022-23 through 2025-26: Official NDE NSPF star ratings.

Data retrieved from the Nevada Accountability Portal. Only schools that met requirements to receive an NSPF rating (rules found here on pages 6-7) are included. SPCSA schools are included in the state data. One "school" may contain multiple levels (elementary, middle, high).

Why Certain SPCSA Schools Did Not Receive an NSPF Rating

To receive an NSPF rating:

- An elementary or middle school must receive points (i.e. have 10 student records) in the Pooled Proficiency, ELA Median Growth Percentile (MGP), Math MGP, ELA Adequate Growth Percentile (AGP), and Math AGP measures.
- A high school must receive points (i.e. have 10 student records) in the ELA Proficiency, Math Proficiency, and 4-Year Graduation Rate measures.

School Name	2025-26 Grade Config.	2025-26 NSPF Star Rating	Reason for Not Rated	Notes
CIVICA HS	9-11	Not Rated	No graduation rate	Will be rated Sept. 2028
Coral Acad of Sci Las Vegas Cadence HS	9-11	Not Rated	No graduation rate	Will be rated Sept. 2028
Nevada Classical Acad Elko ES	K-3	Not Rated	No growth	Will be rated Sept. 2027
Rainbow Dreams ES	PK-K	Not Rated	No proficiency or growth	Never rated under this grade config.
Southern NV Trades HS	9-12	Not Rated	No graduation rate	Will be rated Sept. 2027
Young Women's Leadership Acad HS	9-10	Not Rated	No proficiency or graduation rate	Will be rated Sept. 2029

The SPCSA requires schools to build out to grade configurations that will result in an NSPF rating. Generally, the schools listed above are adding a grade level per year, which will result in an NSPF rating in the year indicated.

These schools also did not receive an SPCSA Academic Performance Framework Rating, as an NSPF rating is required to receive one, aside from Rainbow Dreams, which is rated on the K-3 SPCSA Academic Performance Framework. Note due to dates/timing, graduation rates are lagged in the NSPF (e.g. the graduating class of 2024-25 was used in the 2025-26 NSPF).
