

Progress Toward Key Initiatives

July 2026

Goal 1: Provide communities with access to Excellent Schools that students and families want to attend.

Conduct regular site evaluations of SPCSA-sponsored schools with focus on effective board governance and educational programming.

- Site evaluation teams reviewed recorded board meetings in advance of each visit, allowing for more informed observations and more meaningful discussions with school leaders and governing board members.
- Refined governing board focus group protocols by developing differentiated questions that promote deeper conversation about governance, oversight, and board effectiveness during site visits.
- Each board was asked to identify strategic priorities and areas for growth as a governing body.

Codify expectations for strong governance and training for charter school board members, including Open Meeting Law.

- Increased monitoring of board agendas and minutes, including notes and feedback related to quality.
- Worked closely with schools on monitoring Open Meeting Law requirements and providing early feedback to ensure all requirements were satisfied.

Goal 2: Provide Equitable Access to Charter Schools

Monitor and report on the number of English Language Learners who reach English language proficiency as measured by the WIDA.

Tables show spring 2025 WIDA ACCESS results for the state, SPCSA, and SPCSA schools. Proficiency is defined as an overall composite score of 4.5+. To protect student privacy, data are hidden (as indicated by *) for tested groups <10. ^exact data not available; approximate number calculated via number tested and rate.

Goal 2: Provide Equitable Access to Charter Schools

Ensure that data related to specific subgroups' academic performance compared to the state and school are made accessible.
Smarter Balanced (grades 3-8) ELA and Math proficiency.

Table shows spring 2025 proficiency rates for ACT English Language Arts (ELA) and Math tests administered in grade 11 for the state, SPCSA, and SPCSA schools. To protect student privacy, data are hidden (as indicated by *) for tested groups <10. A=Asian, B=Black/African American, C=White, H=Hispanic/Latino, I=American Indian/Alaska Native, M=Two or more races, P=Pacific Islander, ELL=English Language Learner, FRL=Free or Reduced-Price Lunch (Economically Disadvantaged), IEP=Students with Disabilities. N/A indicates population did not exist.

Goal 3: The SPCSA is committed to being a responsive organization.

Refine the budget and staffing model, including staffing to combine site visits and risk-based monitoring.

- Coordinated the schedules of multiple SPCSA teams to conduct related reviews concurrently, reducing duplication and minimizing disruption to schools.
- Expanded the use of virtual processes for appropriate Review of Business Management (RBM) activities, increasing efficiency while maintaining the integrity of the review process.

Build and implement pathways to streamline the approval of high performing models.

- Ran differentiated Requests for Qualifications (RFQs) for high performing in-state and out of state operators. Approved one application.

Goal 1: Provide communities with access to excellent schools that students and families want to attend.

- Utilize the new Supervisor, Management Analyst position to develop board relationships with new schools.
- Continue to closely monitor board agendas and minutes and ensure schools are compliant with Open Meeting Law requirements.

Goal 2: Provide equitable access to charter schools.

- Monitor and report on the number of English Language Learners who reach English language proficiency as measured by the WIDA.
- Ensure that data related to specific subgroups' academic performance compared to the state and school are made accessible.

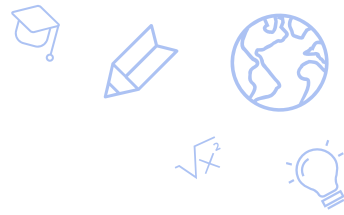

Goal 3: The SPCSA is committed to being a responsive organization.

- Evaluate and improve on internal meeting structures and procedures.
- Evaluate and improve on external communication approach with schools, the Authority Board, and other key stakeholders.
