Dear SPCSA Staff and Board Members,

I have been at Doral for nine years, and it is a truly exceptional school. I have had amazing experiences here, and I am really enjoying my eighth grade year.

The only friends I know are the wonderful ones I have met here at Doral, whether at the beginning of kindergarten, at the beginning of middle school, or just this year. I have also reunited with friends whom I now call my best friends.

I love that this school goes from kindergarten to eighth grade, so I never had to worry about transferring to a new middle school with the stress of leaving friends behind.

My friends are important to me, but they aren't the only thing I love about this school. Doral offers many fun electives, and we get to choose what we take, which is awesome. I also love that we wear uniforms, since it takes off a lot of stress about what to wear each morning.

Beyond all of this, my teachers have always gone above and beyond to make sure I truly understand what I am learning, showing a dedication to the Doral Way that has shaped my education in the best possible way. I am also grateful to be part of a community where kindness is at the center of everything, from how students support one another to how staff treat every family like their own.

I also love how this school honors its eighth grade students before they go off to high school, with personalized sweatshirts and experiences like Six Flags and the big Boston trip.

I am so grateful that I got to grow up going to this school, and I will miss it deeply when I go off to high school.

Sincerely, Hailey Anguiano 13 years old, Doral Academy Student
