Dear SPCSA Staff and Board Members,

I am writing to request that the SPCSA board approve the amendment as submitted.

I am a current teacher at Doral Academy of Northern Nevada and would like to voice my support for an additional campus in Northern Nevada. I have worked at Doral for 8 years where I helped to open the campus, teaching first grade and kindergarten. I also participate in the leadership cadre where I mentor new staff to our school.

My own 3 children had the opportunity to attend Doral for middle school. The skills that my children gained from Doral have helped guide them to be successful young adults that participate in many community service projects. All students deserve the opportunities that Doral afforded my own children. I would have been ecstatic to send my children to a Doral High School to further their education.

Doral is a special community where we work to build lasting relationships with our students and staff. I help facilitate a mentor program where we support new staff to our school. This meaningful work would have tremendous opportunities at a new campus that can work with the university training new teachers.

I cannot imagine working anywhere else. Doral will be my home until I retire from teaching. Teachers deserve to work in a community where they feel valued, appreciated, and supported for their strengths.

Thank you for your time and consideration,
Wendy Hummel.

Mrs. Wendy Hummel M.S.
Kindergarten Teacher
Doral Northern Nevada
