Dear SPCSA Staff and Board Members,

I have been a Doral parent for almost 8 years. I have 2 kids and I have been dedicated to getting them the best education possible. This dedication led me to Doral Academy. Our family does not live close to Doral. We have easily put in 100 commute miles per school week. Never once have we considered going to a closer school. For us the sacrifice in time and gas money is worth it. In fact we often talk in our family about how fortunate we are to be Dragons. The second campus would let us continue our kids' education in an environment that we have come to value immensely. It would be amazing for us personally, and the surrounding community if the SPCSA will approve the amendment as submitted.
