Subject: Public Comment in Support of Doral Academy of Northern Nevada Charter Amendment

Dear SPCSA Staff and Board Members,

I am writing in support of Doral Academy of Northern Nevada's charter amendment and the proposed new K-12 campus on the UNR Farms property.

As a parent, one of the most important things to me is having strong educational options available for my children. One of the things I value about Doral is the smaller-school mentality and the sense that students are known, supported, and encouraged as individuals. As Doral grows, I believe it will be extremely important to intentionally carry that same culture into a larger campus.

I also believe this new campus could provide an opportunity for Doral to set a high standard not only academically, but in athletics, student leadership, and extracurricular programs. A larger and more accessible campus could allow more students to participate in sports and leadership opportunities while still maintaining the close-knit environment that makes a smaller school feel special.

Another quality I appreciate about Doral is that it can offer families a more personalized, almost private-school-type educational experience while remaining accessible to families who may not otherwise have that option. I would love to see the new campus preserve that atmosphere, with high expectations, strong student accountability, meaningful relationships between staff and students, and preparation for college and life after graduation as a clear priority.

The possibility of a K-12 program is especially exciting because it could give students the opportunity to grow within the same school community from their early education through high school. With thoughtful planning, I believe a larger campus can offer expanded academics, athletics, leadership, and college-preparatory opportunities without losing the personal culture that families value.

I support the charter amendment as submitted and hope the Board will consider the opportunities this project could create for students and families throughout Northern Nevada.

Thank you for your time and consideration.

*Best Regards,
Megan Skaggs
