1 Q Is the graduation rate included in that exhibit
2 calculated using the process that you just described?

3 A Yes, it is.

4 Q What was the graduation rate calculated by ADAM
5 for Nevada Connections Academy for 2015-16?

6 A The accountability year 2015-16 was associated
7 with the graduation rate of 35.63 percent. The class of
8 15-16 had a graduation rate of 40.09.

9 Q Class of 15-16 would have been the accountability
10 year of 16-17; is that correct?

11 A Correct.

12 Q I believe you just described earlier with the
13 lock provisions the validation process for the data used
14 in this calculation. Do you know if that validation
15 process was used in this calculation?

16 A Yes, it was.

17 Q Is that process the same for every charter school
18 and district in the state?

19 A Yes, it is.

20 Q I want to ask you a couple of questions about
21 dropout rates. As part of your job duties, do you do any
22 work with dropout rates?

23 A Here again, I supervise the staff that is
24 responsible for these calculations.
